

Districtwide Improvement Committee Minutes

April 15, 2003

Art Cavazos reviewed the budget process with the DWIC. He provided background information on how the district receives money from the state of Texas and the federal government since there is no tax base to support the district. At this time 46.6% of the district's funds come from the state and 52.6% comes from the federal government with the remaining .8% coming from local funds (interest on investments). Art discussed the draft budget (function and object) for 2003-2004 with the committee, and answered questions posed by the DWIC.

Bruce Cannon presented the draft of the District Effectiveness Survey with the committee. The DWIC made several changes to the survey, and Ron Bolin will prepare the survey for dissemination through email. The results will be shared with DWIC at the May meeting.

Maggie Napper shared an update on the revision of the DWIC Rubric that will be used to evaluate the campuses for the 2003-2004 school year. Adjustments were made and the final draft will be presented at the May meeting.

Karen Bessette and Bruce Cannon reviewed school organization with the committee. Karen and Bruce noted that what was best for students was always the priority whenever school organization was reviewed.
