

Districtwide Improvement Committee Minutes

August 28, 2000

Rita Polen shared the revised recommendation on the End-of-Course testing with the committee. Members signed the recommendation that will be sent to Dr. Maddox for her consideration.

The committee divided into three groups to draft feedback to the CICs. Each group reviewed the written report for a campus and noted any questions and or clarifications needed. The groups came back together and reviewed what each group had written. Committee members who had not worked on the draft added additional questions and comments to each report. CIC representatives on the DWIC will take this information back to each CIC for their responses to the questions and requests for clarification. This information is due back to the DWIC by Friday, September 1st.

DWIC members decided not to use cover letters with the final feedback to each CIC committee.

Next scheduled meeting: Tuesday, September 5, 2000
Randolph High School
Room 21
4:00 PM
