

Districtwide Improvement Committee Minutes

December 19, 2000

Debbie Ables presented a PowerPoint presentation on the DEC indicators for the English as a Second Language program. David Gibbs and Cherryl Pritts also shared information about the ESL program as Debbie made her presentation. All indicators are in order as required by DEC.

The committee reviewed the results of the staff development survey that was conducted on the campuses right after the Thanksgiving break. The results did not show any one priority for staff development for next year. The committee decided that they needed more information before they could make any recommendations on staff development.

Robert Lundy and Maggie Napper will develop a follow-up staff development survey using the information contained in questions one and two of the original survey (Would you benefit from learning more about assessment – rubrics, performance tasks, student led conferences, etc.? What other staff development topics for individual or vertical team benefit do you need/want to learn about?). The draft of the survey will be emailed to DWIC members for their input.

Once the follow-up survey is finalized, it will be emailed to staff members. During team meetings, the staff will discuss and then complete the survey. The results will be reviewed at the January 16th meeting. The DWIC will make recommendations on staff development for 2001-2002 at that January meeting.

Recommendations for the calendar committee will also be made at the January meeting.

Next scheduled meeting: Tuesday, January 16, 2001
Randolph High School
Room 21
4:00 PM
