

Districtwide Improvement Committee Minutes

September 8, 2009

The Districtwide Improvement Committee divided into three groups to review the Campus Summary Report for a particular campus, and then drafted the feedback for that campus committee. The feedback to the elementary, middle school and the high school was finalized by the committee, and the DWIC Evaluation Rubric was completed for each campus.

The committee will review the feedback one final time at the September 10 meeting.

Next scheduled meeting: Monday, September 10, 2009
