

November 19, 2001

Kay Magness led the committee in a discussion of the roles and responsibilities of the DWIC. She had committee members complete several team building activities in which participants came to consensus on the ground rules that could be used during the committee meetings.

The DWIC reviewed the Results of an Aligned Curriculum noting that the SAT results were now included. When the data in the results was updated in August these scores had not been available.

The committee developed a staff development survey for the 2001-2002 school year. This information will be used in planning for the district staff development for the 2002-2003 school year. The survey will be sent to the teaching staff by email on Monday, November 26th. The teachers may respond on the email or by completing the attachment. Either way the staff will be asked to respond by Wednesday, November 28th. The results will be compiled for the committee by the December meeting.

Next scheduled meeting: Monday, December 10, 2001
Randolph High School
Room 21
4:00 PM
