

Districtwide Improvement Committee Minutes

September 17, 2003

The Districtwide Improvement Committee reviewed the revisions made in the District Summary for 2002-2003. The committee then reviewed the PowerPoint presentation and Susan Bendele made revisions to reflect the changes that had been made in the District Summary. How the presentation to the Board of Trustees would be made and who would be involved in the presentation were discussed. The members selected the parts of the presentation that they would conduct and they rehearsed the presentation. Those members involved in the presentation will meet prior to the board meeting and rehearse again.
