Strategic Planning Committee Minutes

May 13, 2009

Rita Polen shared information the Strategic Five Year Curriculum Plan. The committee reviewed the plan and made several revisions. For example, a Year 2009-2012 will be added for Goal 1 (To develop, implement and refine curriculum that provides challenging learning for all students), and the implementation of a pilot online lesson plan program will be postponed until the secondary campus completes the refinements to the system. The committee added three action steps to Goal 3 (To support the staff in the continued implementation, evaluation and revision of the curriculum). These were to continue to provide RTI professional development, continue to provide professional development on Professional Learning Communities and its components/basic tenets and to continue professional development for technology during the summer and during the school year as well as continue to provide New Teacher training.

Rita Polen reviewed the 2008-2009 Professional Development Calendar with the committee.

The SPC will meet on Monday, August 3, from 8:30 AM until noon in the high school library. Kirby Olson will be the recorder, and Beth Howard will be the facilitator.
