

Acceptable Use Guidelines 2011-2012

Dear Parent:

Your child has been selected to participate in the District's electronic communication system and needs your permission to do so. Your child will be able to communicate with other schools, college organizations, and individuals around the world through Internet and other electronic information systems/networks.

The Internet is a network of networks. Through the District's electronic communication system, your child will have access to hundreds of databases, libraries, and computer services all over the world.

With this educational opportunity also comes responsibility. It is important that you and your child read the District policy, administrative regulations (**found in the Student/Parent Handbook**) or on the web page, and agreement form (below) and discuss these requirements together. Inappropriate system use will result in the loss of the privilege to use this educational tool.

Please note that the Internet is an association of diverse communication and information networks. It is possible that your child may run across areas of adult content and some material you might find objectionable. While the District will take reasonable steps to preclude access to such material and does not encourage such access, it is not possible for us to absolutely prevent such access.

Please return the attached agreement form (below) indicating your permission or denial of permission for your child to participate in the District's electronic communication system.

Sincerely,
Allana Hemenway
Randolph Elementary Principal
